

label	description	Recommendations / Comments	Acceptable Values	Counts in Cardinal as of January 2022 (value then count)	NC Cardinal
Forgive fines when checking out a long-overdue item and copy alert is suppressed?	Controls whether fines are automatically forgiven when checking out an item that has been marked as long-overdue, and the corresponding copy alert has been suppressed.	Long-Overdue settings should mirror your Lost settings, and should be avoided unless you use Long-Overdue.			
Long-Overdue Check-In Interval Uses Last Activity Date	Use the long-overdue last-activity date instead of the due_date to determine whether the item has been checked out too long to perform long-overdue check-in processing. If set, the system will first check the last payment time, followed by the last billing time, followed by the due date. See also circ.max accept return of longoverdue				
Long-Overdue Items Usable on Checkin	Long-overdue items are usable on checkin instead of going "home" first		True/False	True (2)	
Long-Overdue Max Return Interval	Long-overdue check-in processing (voiding fees, re-instating overdues, etc.) will not take place for items that have been overdue for (or have last activity older than) this amount of time			null (2)	
Restore Overdues on Long-Overdue Item Return	Restore Overdues on Long-Overdue Item Return		True/False	True (3)	
Void long overdue item billing when claims returned	Void long overdue item billing when claims returned				
Void long overdue item processing fee when claims returned	Void long overdue item processing fee when claims returned				
Void Long-Overdue Item Billing When Returned	Void Long-Overdue Item Billing When Returned		True/False	True (2)	
Void Processing Fee on Long-Overdue Item Return	Void Processing Fee on Long-Overdue Item Return		True/False	True (1)	
Leave transaction open when long overdue balance equals zero	Leave transaction open when long-overdue balance equals zero. This leaves the long-overdue copy on the patron record when it is paid				
Leave transaction open when lost balance equals zero	Leave transaction open when lost balance equals zero. This leaves the lost copy on the patron record when it is paid		True/False	False (16)	
Long-Overdue Materials Processing Fee	Long-Overdue Materials Processing Fee				

Void Overdue Fines When Items are Marked Long-Overdue	Void Overdue Fines When Items are Marked Long-Overdue		True/False	False (2) True (1)
